Field Visit Report

Excursions or educational field visit is a necessary and very important part in the subject of Geography. Educational field visit or Excursions is one of the way to introduce and gain knowledge of nature among students. This field visit take the students out of the day-to-day curriculum and into the open environment of nature, all students are able to directly or indirectly review the various elements which scattered around us. Keeping this importance in mind Bankura University has included field visit or educational excursion for the students of 6th Sem. ester honours and 3rd Sem. ester PROG and HG, in its curriculum. In such a manner the Department of Geography of Onda Thana Mahavidyalaya was no exception. We took the permission of the college authorities to go to the *Canyon of Bengal* or Gangani on 21.12.2018.
