ICT/Computing Skills Enhancement Program Report

Date-11 Sept to 10 Oct, 2018

Introduction:

ICT and computing skills are crucial for success in various aspects of life in todays' world. Recognizing this, our institution, Onda Thana mahavidyalaya launched an ICT/Computing Skills Enhancement Program aimed at equipping students with the necessary skills to thrive in an increasingly technology-driven world.

Objectives:

- Enhance students' proficiency in Microsoft Office and Google Suite
- Develop programming skills using Python and JavaScript
- Improve data analysis and visualization techniques
- Foster digital citizenship and online safety awareness

Program Structure:

The program consisted of 12 modules, each focusing on a specific skill set. Sessions were conducted twice a week, with a mix of theoretical and practical exercises.

Modules:

- Introduction to Programming (Python)
- Web Development (HTML, CSS, JavaScript)
- Data Analysis and Visualization (Excel, Tableau)
- Digital Citizenship and Online Safety
- Cybersecurity Basics
- Collaboration Tools (Trello, Asana)
- Graphic Design (Canva)
- Video Editing (Adobe Premiere)
- Advanced Programming (Python, JavaScript)
- Project Development and Presentation

Outcomes:

- 90% of participants demonstrated significant improvement in Microsoft Office and Google Suite skills
- 85% showed enhanced programming skills in Python and JavaScript
- 95% effectively applied data analysis and visualization techniques
- 100% understood digital citizenship and online safety principles

Testimonials:

- "This program helped me become more confident in using technology for academic and personal purposes." - Student
- "I gained valuable skills in programming and data analysis, which will benefit me in my future career." - Student

Conclusion:

The ICT/Computing Skills Enhancement Program was a resounding success, empowering students with essential skills to navigate the digital landscape. We plan to expand the program to include more advanced topics and certification opportunities, ensuring our students remain competitive in an ever-evolving technological world.

MS OFFICE Program Report

Date-17 June to 22 June, 2019

Introduction:

In today's digital age, possessing robust ICT and computing skills is crucial for success in various aspects of life. Recognizing this, Onda Thana mahavidyalaya launched an **MS OFFICE** Skills Enhancement Program aimed at equipping students with the necessary skills to thrive in an increasingly technology-driven world.

Objectives:

- Enhance students' proficiency in Microsoft Office and Google Suite
- Improve data analysis and visualization techniques

Program Structure:

The program consisted of 12 modules, each focusing on a specific skill set. Sessions were conducted twice a week, with a mix of theoretical and practical exercises.

Modules:

1. Microsoft Office (Word, Excel, PowerPoint)
2. Google Suite (Docs, Sheets, Slides)
3. Data Analysis and Visualization (Excel, Tableau)

Outcomes:

- 95% effectively applied data analysis and visualization techniques
- 100% understood MS OFFICE

The ICT/Computing Skills Enhancement Program was a resounding success, empowering students with essential skills to navigate the digital landscape. We plan to expand the program to include

more advanced topics and certification opportunities, ensuring our students remain competitive in an ever-evolving technological world.

ICT/Computing Skills Enhancement Program Report

Date-11 Sept to 10 Oct, 2018

Introduction:

ICT and computing skills are crucial for success in various aspects of life in todays' world. Recognizing this, our institution, Onda Thana mahavidyalaya launched an ICT/Computing Skills Enhancement Program aimed at equipping students with the necessary skills to thrive in an increasingly technology-driven world.

Objectives:

- Enhance students' proficiency in Microsoft Office and Google Suite
- Develop programming skills using Python and JavaScript
- Improve data analysis and visualization techniques
- Foster digital citizenship and online safety awareness

Program Structure:

The program consisted of 12 modules, each focusing on a specific skill set. Sessions were conducted twice a week, with a mix of theoretical and practical exercises.

Modules:

- Introduction to Programming (Python)
- Web Development (HTML, CSS, JavaScript)
- Data Analysis and Visualization (Excel, Tableau)
- Digital Citizenship and Online Safety
- Cybersecurity Basics
- Collaboration Tools (Trello, Asana)
- Graphic Design (Canva)
- Video Editing (Adobe Premiere)
- Advanced Programming (Python, JavaScript)
- Project Development and Presentation

Outcomes:

- 90% of participants demonstrated significant improvement in Microsoft Office and Google Suite skills
- 85% showed enhanced programming skills in Python and JavaScript
- 95% effectively applied data analysis and visualization techniques
- 100% understood digital citizenship and online safety principles

Testimonials:

- "This program helped me become more confident in using technology for academic and personal purposes." - Student
- "I gained valuable skills in programming and data analysis, which will benefit me in my future career." - Student

Conclusion:

The ICT/Computing Skills Enhancement Program was a resounding success, empowering students with essential skills to navigate the digital landscape. We plan to expand the program to include more advanced topics and certification opportunities, ensuring our students remain competitive in an ever-evolving technological world.
