Onda Thana Mahavidyalaya IQAC presents a One Day International Webinar on Multidisciplinary Studies. The current trajectory of academia moves towards an inclusivist approach to learning. Multidisciplinarity spearheads the intersectionality of the several branches of studies to produce "heterosopic" (derived from Foucault) paradigms encouraging a holistic approach to learning. Inspired by that spirit, the IQAC, Onda Thana Mahavidyalaya, presents a one-day international webinar on multidisciplinary. Some of the well-known scholars from various fields of academia will share their wisdom.
